Within a few years the company had achieved a secure position, in both national and overseas markets, in port planning and structures, coastal engineering, and marinas, and has since spread its activity to the wider fields of general transport infrastructure and the environment, as well as supervision and control of works. CONSULMAR deploys today a multidisciplinary technical team, and remains a fully independent company, totally owned by its senior staff, through a public holding company, OC, SGPS, SA. CONSULMAR is certified by ISO 9001:2000 for "Engineering and Architectural Design, Design Revision, Consultancy and Technical Assistance; Project Management and Works Supervision" and is qualified as "Construction Projects Quality General Manager", by the National Civil Engineering Laboratory (LNEC), with the highest degree in all categories of Projects.</p> <p><b>Main Expertise</b></p> <p><b>Transport Infrastructure</b></p> <ul style="list-style-type: none"> <li>• Ports and marine terminals</li> <li>• Airports</li> <li>• Roads</li> <li>• Multimodal systems</li> </ul> <p><b>Environment</b></p> <ul style="list-style-type: none"> <li>• Coastal and estuarine engineering</li> </ul> <p><b>Sea Outfalls</b></p> <ul style="list-style-type: none"> <li>• River engineering</li> <li>• Environmental rehabilitation</li> </ul> <p><b>Tourism and urbanism</b></p> <ul style="list-style-type: none"> <li>• Marinas</li> <li>• Beaches</li> <li>• Tourist Resorts</li> </ul> <p><b>Services</b></p> <ul style="list-style-type: none"> <li>• Consultancy and feasibility studies</li> <li>• Regional and sectorial planning</li> <li>• Engineering and architectural design</li> <li>• Design revision</li> <li>• Technical assistance</li> <li>• Works supervision and Project Management</li> </ul> <p><b>Significant Last Works</b></p> <ul style="list-style-type: none"> <li>• ISPS Code – Protection Plans for Viana do Castelo, Figueira da Foz, Portimão and Faro Ports, and Audit of Portugal's container and oil terminals</li> <li>• Studies and engineering design for implementation of VTS (Vessel Traffic System) and GMDSS (Global Maritime Distress and Safety System) in Portugal</li> <li>• LNG Terminal at the Port of Sines</li> <li>• New Cruise-ship terminal at Ponta Delgada Port (in consortium)</li> <li>• Improvement of navigation and safety conditions at Douro estuary mouth</li> <li>• Funchal airport extension (in consortium)</li> <li>• Master Plans for all major ports in Portugal</li> <li>• Logistics Centres in Lisbon and Oporto</li> <li>• Design of several terminals for the ports of Viana do Castelo, Leixões, Aveiro, F. da Foz, Lisbon, Setúbal, Sines, Portimão and for the major Azorean ports</li> <li>• Fishing ports of Figueira da Foz, Sesimbra, Ribeira Quente and Rabo de Peixe</li> <li>• Marinas of Tróia, Albufeira, Portimão, Horta, Ponta Delgada and Faro</li> <li>• Coastal Zone Management Plans for various stretches of the Portuguese coast</li> </ul> <p><b>International Experience</b></p> <ul style="list-style-type: none"> <li>• Works Supervision of the New Bridge over the Zambezi, Tete, Mozambique (in consortium)</li> <li>• Design of the New Fishing Port of Tangiers, Morocco</li> <li>• Design of the New Cruise-ship Terminal at the Port of Casablanca, Morocco</li> <li>• Design of the Expansion of the Port of La Guaira, Venezuela</li> <li>• Works Supervision of the Highway Nº 1 (Namacurra / Rio Ligonha, Lot III), Mozambique (in consortium)</li> <li>• Works Supervision of the new Headquarters for the Ministries of Labour, Public Service, Youth and Sports and Tourism, and for the Supreme Administrative Court, Mozambique</li> <li>• Works Supervision of the expansion of the Ports of Vale Cavaleiros and Furna, Cape Verde</li> <li>• Design of the expansion of the Ports of Praia (2nd Phase) and Sal Rei, Cape Verde</li> <li>• Master Plans for the Ports of Tarrafal and Porto Inglês, Cape Verde</li> <li>• Design of the Expansion of the S.
